Pursuant to RSA 231:191 any person who violates the maximum weight limits shall be required to restore the highway if the Town has reason to believe that the highway damage or disturbance is attributable to vehicles or activities under such person's control or responsibility.

As per RSA 231:191, Paragraph III, written permission to drive a vehicle on the aforementioned roads may be granted subject to imposition of reasonable regulations such as bonding and restoring the highway, or other limitations.
